Shop Drawing Terms & Conditions:

- 1/2" minimum tolerance required in surrounding opening dimensions (i.e. 24" sq. medallion requires a 24-1/2" x 24-1/2" opening). Please go to www.pineapplegrove.com to view Tech Data Sheet and other additional installation information.
- Ultimate installation method is the responsibility of building design engineer, architect or other responsible person(s) charged with design connections for this project.
- By signing below, customer acknowledges that no claim of copyright exists for any designs, artwork or drawings provided to Pineapple Grove Designs for the purposes of creating this work. Customer agrees that Pineapple Grove Designs shall be entitled to all copyrights of the work it creates. All rights reserved.
- All oversized custom medallions are cast with a hollow back unless otherwise noted.
- All dimensions are subject to 1/8" tolerance.

CUSTOM MOLD STORAGE DISCLAIMER: Mold material has a limited shelf life. While Pineapple Grove Designs can store custom molds for up to two (2) years, any storage longer than that will require special measures to assure the viability of the mold for future castings. As such, if there are no additional orders involving your mold within two (2) years of the initial order for which the mold was created, Pineapple Grove Designs reserves the right, without notice, to discard the mold. If additional castings are thereafter required, the then current rates for creating a new custom mold may apply.
